WE ARE CELEBRATING OUR 34TH PUBLICATION!

May 2021

President's Letter

Dear fellow Alumni,

Welcome to the 34th edition of Hornell Alumni news journal. In a word 2020 was exhausting; the quarantine, separation from loved ones, fear, sickness, and unfathomable death toll have been all difficult to digest. Our lives have been put on hold for a time and we are all tired in one way or another. In some small way, it is our hope that this journal will help connect you to bits and pieces from your past and community, that will make you smile, reminisce, and add a ray of sunshine into a somewhat overcast year. So find your most comfortable chair, sit back and start turning the pages... ENJOY!

Our alumni, area merchants and community never cease to amaze me. Once again, they have come together to award over \$129,000 in scholarships and grants to our 2020 graduates. I am so incredibly proud to call Hornell my home and to be part of such an amazing community

and a graduate of an outstanding alma mater. Thank you from the bottom of my heart... ☺

Please give a standing ovation to your Hornell Alumni Association Board of Directors. These 23 alumni dedicate their time and effort to work together to keep this organization running smoothly. Without them we could not keep this association running. Thank you!

The Alumni banquet will be held Saturday June 26th at The Main Place (former K of C). This year we will continue to plan our banquet until we are told otherwise. More than ever it is imperative that you make your reservations early because of last year's banquet

cancellation. We will be honoring six classes. Class of 2010 and 2011 celebrating 10 years, the class of 1995 and 1996 celebrating 25 years, and the class 1970 and 1971 celebrating 50 years. Please follow us on Facebook for updates and changes, if any, on the banquet. **In the event that we are unable to hold the banquet, any reservations made ahead of time will receive a full refund. Be sure to read the reservation insert for guidelines on the banquet.**

A special invitation is always extended to those alumni celebrating 70 or more years. You will be our special honorees of the evening. Please contact me, Cathy Potter Kimball '80 at (607) 382-6964 or Angela Daniels Markel '71 at (607) 661-6004 to make your reservation.

Don't forget our website www.hornellalumni.org. You can make your reservations, pay your annual dues, make donations, get updated on reunions, and view all past news journals. Also, please like us on Facebook "Hornell High School Alumni Association". Hope to see everyone in June for what should prove to be one biggest banquets ever!

In closing, remember to RENEW YOUR DUES and in the words of my beautiful, late Aunt Julie DeGaetano Delaney '44, "May your moccasins make happy tracks in many snows... and may the rainbow always touch your shoulder."

Forever a Red Raider,

Cathy Potter Kimball '80

Hornell BOE Approves Bryant School Closing

The Hornell Board of Education approved a resolution to close the Bryant Elementary school. The district's decision to close the school at the end of June will save the school system \$550,000 annually while reducing the number of building transitions students make during their academic careers. The school's closure will shuffle the grade levels in some of the district's remaining buildings. With the addition of the district's 3PK program, North Hornell Elementary School will now house grades 3PK-1, while the Intermediate School will

have grades 2-6 after picking up second and third grade from Bryant School. The closing has no impact on the Junior-Senior High School as it will continue to have grades 7-12. Falling enrollment was a major driver in the decision-making process to close the school, Palotti said, noting that from 2010-20, Hornell enrollment decreased 22 percent or by nearly 400 students. District officials said there will be no employee layoffs as a result of the school closing

The proposed sale of the school building is moving forward and will require voter approval in May. "A 'No' vote would mean that the empty building would remain the responsibility of the district and its taxpayers, including maintaining it into the future, without aid from the state," the school district said.

The district has an agreement with Park Grove Realty, LLC to sell the building to the Rochester-based developer for \$500,000. Park Grove has outlined a plan to convert the school building into a 39-unit "workforce" housing complex, utilizing Bryant's exterior, its playground and green space in the conversion. According to a Park Grove site plan, the development would include two studio apartments, 22 one-bedroom units and 14 two-bedroom apartments.

1946 ~ 75 Years ~ 2021

Our success depends on you "our alumni". Please feel free to write us at any time with suggestions or questions. Please note: Our Alumni Association memberships run on a FISCAL year, NOT a calendar year. It begins on June 1st and expires on May 31st of the following year. Our goal is to publish a journal you will accept and read. We are indebted to our readers and your response to our News Journal.

"Success is no accident. It's hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do."

THANK YOU ALUMNI!

**HHS Alumni Association Founder
Carl Wellington '22**

After much research on this topic, the Hornell High School Alumni Association would like to posthumously honor & recognize **Carl L. Wellington '22** as our official founder and creator. He and his voluntary committee who consisted of **Francis M. Cameron, Virginia Leahy, Francis Conz, Kenneth Gray, William G. Hollands Jr., Henry Copeland, Sherman Shults, and Gertrude Case** got the ball rolling back in the mid-1940's, worked effortlessly, got other alumni interested, entertained informal gatherings, planned the first HHSAA meeting on 12-5-45, presented the organizations bylaws, and officially gave birth to our beloved Hornell High School Alumni Association. On behalf of the current HHSAA Board of Directors and its members, we want the families of these nine volunteers & the countless other Hornell High School alumni who were involved in the organization process to know just how grateful, appreciative, and truly thankful we are today. **We will always remain.....HHSAA STRONG.**

These two gentlemen inspired the HHSAA to produce the Newsletter.

This year has created some changes for everyone, including our Board of Directors. With the need for social distancing and the limitations on gatherings we have been able to meet via Zoom to discuss matters pertaining to our Alumni.

Elimination Draw 2020

It was another successful fundraiser for the HHS Alumni Association. Even when times are tough we appreciate the support from our fellow alumni. We were able to give away approximately \$9,650.00 in cash prizes with the proceeds benefiting our scholarship fund. While we were unable to host a party to anxiously await the grand prize winner, we were able to live stream our event thanks to Bob Peisher. Our board members were able to safely distance and “mask up” thanks to Forever 6ix Apparel for supplying our custom-made masks. Most importantly our event could not have happened without the hospitality of John Carbone and staff at The Main Place. As we hope to be able to continue this as an annual event, please be on the look out for tickets sales for December 2021.

The HHS Alumni Committee would like to give a big thank you to Beth Ann McDermott Jacobs '83 for continuously working as our typesetter for our News Journal. This annual publication would not be possible without her hard work and dedication. The final product, which we all hope you enjoy, is primarily due to her efforts. Thank you, Beth, for making another successful News Journal.

Congratulations, Good Luck, and Best Wishes to the

HHS CLASS OF 2021!

Greetings from Hornell High School!

Dear Hornell High School Alumni,

As much as a new year is a time for new hopes and new resolutions, it also allows us to reflect. Looking back over the past year, it's one that I will never forget, and has shaped my personal and professional life. I am so proud of our devoted professional staff who overnight made the Herculean effort to instruct our students as we moved to a fully remote model over a year ago. While the pandemic was fraught with challenges, it showed me how much we as a district can accomplish as a professional learning community. We appreciate our staff being great at their job, and for their professional commitment during some very difficult and uncharted times.

Academically, twenty-five members were inducted into the National Honor Society. Thirty-three seniors achieved honor graduate status, twenty-one students were inducted into the National Art Society, fifteen were inducted into the National Technical Honor Society, and three students participated in the state DECA competition. In May, we will recognize a strong class to join our National Business and Marketing Honor Society, and our Academic All-Star team is again very competitive, looking to finish the year strong while potentially winning a league championship.

Athletically, our girls' soccer team won a sectional title on their home field. What an amazing feat it was to celebrate on our turf, something that has never happened before or will again due to the pandemic. Additionally, our wrestling team brought home the block winning the B1 team title, their first in 16 years!

Speaking of graduation, Seniors will make their final steps at HHS as they walk across stage on June 25. We are finalizing who will be our guest speaker, and hope you can join us!

Despite the direst of circumstances facing the performing

arts world in our lifetime, music is alive within our building. Our student musicians continue to strive for excellence, better themselves, and are determined to provide music to our community.

Gemma Hoyt was nominated for Area All State for Mixed Chorus and participated virtually. The Marching Red Raiders are pleased to announce their return to the field for this year's rather unique Spring football season. The students have been working diligently preparing their first live performance in over a year.

On Tuesday March 30, 2021, the HHS Vocal Music Program videotaped and recorded music that will be submitted to WorldStrides Onstage, their regular partner for competition music festivals of the past 14 years. The performances were entered in their 2021 Virtual Competition Series. Their recordings will be adjudicated by professional musicians, have feedback provided, along with ratings/rankings of our performances and like always, we expect gold.

We continue to work on our districts' need assessment goals of post-secondary needs. Our staff has worked tirelessly on our safe environment work as well as embedding career opportunities into all curriculum courses that are offered, and offering shadow opportunities through our Career Development Council.

If you're around the weekend of graduation, please stop in and see your old stomping ground.

Go Raiders!

Superintendent's Letter

Dear Hornell High School Alumni,

The 2020-2021 school year has been like none other across the country and in the Hornell City School District. Alumni from HCSD should be proud of our current students, faculty and staff for the grit, resilience, empathy, and determination that each and every one has demonstrated this year!

The year has brought many challenges, but through those challenges we have seen our school thrive and shine. From winning sectional championships, to performing music virtually and in gymnasiums, to working and learning in a blended virtual/in person environment, our students have shown their versatility, ability to adapt, and flexibility to deal with anything that was thrown at them. Our entire school community has responded with positivity and professionalism; as the superintendent of this amazing district, I couldn't be prouder of everyone involved. I am very grateful to be part of this "team".

Our school continues to evolve with the changing times. Through much planning and thought, we have decided to further consolidate our schools with the closure of our Bryant Elementary School. While

our fond memories of experiences there will remain, future second and third grade students will spend these years in our Intermediate School. Sad as it is to see a school close, we are excited to be able to combine schools and provide for a smoother educational experience for students with fewer school transitions. This change not only helps the District long term economically, we are confident the benefits educationally will be even greater.

As we move forward through this pandemic, I am positive that with the lessons learned the Hornell City School District's academic and extracurricular programming will emerge stronger than ever. We thank the alumni for their ongoing and continued support and welcome the upcoming members, the class of 2021, to this special group.

Sincerely,

Jeremy Palotti

Graduation 2020

The one where they were quarantined

Students of the class of 2020 had a graduation experience like no other. At the start of March of 2020, no one would have thought of the extensive adjustments they would have to make to be able to experience normal high school activities. Learning online-school on a whim, cancelling all school events, and being quarantined at home in order to keep safe. No one could have fathomed they would have to make adjustment to the biggest milestone of their high school career, their graduation ceremony.

Usually the stadium is filled with family members anxiously waiting to cheer on their graduates and congratulate them on their efforts they have endured most of their lives. Many district faculty members always enjoy attending the ceremony to proudly watch their students venture on to the next stage of their young adult life. Community members line the football field to watch one of the biggest events of the year on the HHS campus. That all changed when the pandemic hit.

Not knowing if the ceremony would even happen preceding the weeks leading up to graduation, the 139th commencements were unprecedented, with nearly 130 graduates receiving diplomas during three separate ceremonies that stretched over some five hours. Hornell and North Hornell fire trucks led parades of graduates around the city following the conclusion of each ceremony, while district staffers prepped the stadium for the next group of seniors and families after the first and second commencement exercises.

Due the COVID-19 pandemic, New York State restrictions limited attendance to a maximum of 150 people at each ceremony. Graduates, sitting at least six feet apart, donned special face masks with Red Raider colors as student speakers reviewed their Hornell scholastic careers and senior years upended by the pandemic. It was a scene like no other but students were fortunate enough to celebrate their long over-due efforts in a ceremony as close to normal as possible. Congratulations to the class of 2020!

MAPLE CITY MILESTONES

2020 Year In Review by Mayor John Buckley '89

As one year comes to an end and a new one waits on the horizon, it's a great time for reflection and anticipation. These words could not be truer of a year than 2020. We ended 2019 on a high note, receiving the Downtown Revitalization Initiative (DRI) and Hornell was set to soar into the roaring 2020's. We looked forward to 2020, the start of a new decade, with the engine of our city churning, fueled with growth and promise.

It always seems the challenges you currently face are more difficult or complex than the ones faced previously. But I think most of us will look back on 2020 and be incredulous at our strength and endurance. 2020 may always be the litmus test for how hard a year can be, it was a year we faced some of the most challenging days and moments of our lives and that is true at the municipal level as well. While 2020 was not solely defined by the coronavirus it certainly played a feature role. However, things are not all bad and we continue to not only persevere through a pandemic, but grow, change and come together in ways we had not anticipated.

The year 2020 started with continued discussion of projects for the Downtown Revitalization Initiative. The DRI is a statewide initiative that provides funding for high priority projects designed to boost local economies and transform city centers into vibrant economic engines. A grant of this size could easily double the investment in our community when it includes matching funds from the stakeholders. The DRI includes a robust public planning process that ensures the proposed projects align with the community's vision. It is a wonderful thing for Hornell and our local planning committee worked diligently spearheading a list of projects that were presented to the community at numerous public workshops. It's a huge boom to our community and while the state review process was paused due to the pandemic, we remain excited about these opportunities and look forward to moving forward with these projects in the near future. Hornell in the 21st century will remain a magnificent place to be.

Two new aldermen were elected to the Common Council in 2020. John Allison and

Kevin Valentine join the eight senior council members and represent the third and seventh wards respectively. It's always exciting to have new members and the new insight they bring to our legislative branch and committees.

The City's ninth BOCES house on Genesee St. saw construction completed and was sold in early 2020, while the tenth BOCES house on Front St. saw construction initiated and is nearing completion. This program is a wonderful way to provide newly constructed homes at a reasonable cost, while adding to the tax base of our community and is a great benefit to our area youth's education. While the Preston Avenue fire devastated the neighborhood in November of 2019, in February, we began to look at combining this wonderful BOCES program with a neighborhood in need. In March, the City and County partnered together to help with removal of the debris and two BOCES houses are now planned for construction on that site.

In more housing news, last February the Hornell IDA signed off on an agreement for the redevelopment of the old Marion Rohr Silk Mill into 23 market rate apartments. Park Grove Realty's undertaking of this exciting rehabilitation of the former silk mill fulfills a great need in our community's housing. In more exciting economic development news, the City and IDA worked together and began site work at Shawmut Industrial Park in anticipation of a new 150,000 square foot Alstom building to be used for car shell manufacturing.

2020 saw a couple of small business openings with Lynn Brennan opening her photography studio on Park Drive and 3 new businesses being welcomed into the Courthouse. In March, health care in Hornell entered a new era with the grand opening of the new St. James Hospital. The timing of the opening was impeccable and the operation seamless with the transition happening just as COVID-19 began to surface in our community. The brand new state-of-the-art hospital with streamlined services has been well-equipped to respond to the greatest health care crisis in over 100 years.

In March, our community had some of its first experience with life being altered in

response to the coronavirus. Schools were closed and the St. Patrick's Day parade and celebrations were canceled following the governor's order restricting large gatherings. Those of us familiar with St. Patrick's Day in Hornell know it's not just a parade or a day, but one of the biggest celebrations in our community. After that life in Hornell continued to change quickly as NY on PAUSE was enacted on March 22nd. Bars and restaurants were reduced to take-out only, all non-essential businesses closed (including offices, retail stores not selling "essential" items, hair and nail salons, dentists, etc.), all non-essential gatherings of any number were banned, a youth curfew was introduced, and HAT services were greatly reduced and began operating mostly by dial-a-ride. For City Officials, challenges of finalizing the budget loomed as the new fiscal year was scheduled to begin on April 1 and the entire state had essentially just been shut down. The finance committee, mayor's office, chamberlain's office and later the council had to make some very difficult decisions with not a lot of information in the early days of the pandemic. Recognizing the likelihood of reduced sales tax revenue, City officials crafted a no-frills budget that was actually smaller than the previous year. When the budget was completed, a small tax increase was approved with essential services remaining in place and a watchful eye for further reductions or loss in revenue. Unfortunately, that loss in revenue came later when the state announced they were withholding 20% of previously awarded AIM, Winter Recovery and PAVE-NY funds for all municipalities. We were fortunate in our ability to delay some repairs and projects and remain within our allotted budget without having to lay off any City employees. Even with the reduction in revenues and anticipated funding the City was able to proceed with the replacement of two bridges (East Main and Seneca St), pave 11 streets and complete 4,000 feet of sewer trunk relining.

In April, COVID-19 started to take hold in our community, particularly in our area nursing homes. The mayor's office worked closely with Congresswoman Reed, Senator O'Mara, Assemblywoman Byrnes, Steuben County and the NY State Dept. of Health

MAPLE CITY MILESTONES

advocating for the care of nursing home residents when a large outbreak occurred in one of our city's nursing homes. The concern for the health and safety of our community was at the forefront of everyone's mind, communication and direction were essential in response to a flurry of ever-changing policies and executive orders from the governor's office. The City worked closely with the County communicating this ever-changing information, closing playgrounds and other public spaces as dictated by the Governor and providing much needed guidance to residents and businesses. Small business assistance programs were launched to help protect our local businesses while NY was on PAUSE.

The beginning of summer brought about some return to normalcy with the re-opening of stores and businesses as COVID-19 cases dwindled and NY began to un-PAUSE. We watched as our nation struggled with civil unrest and protests that began with the death of George Floyd on May 25th. While protests in other areas quickly turned violent, our community saw peaceful protests and unity. Our Mayor and Police Chief joined peaceful protestors in a walk down Main Street that concluded in a gathering where community members shared their experiences with racism and the police, both in our community and beyond. We also saw community members and police officers alike participating in a time of silent reading at Veteran's Memorial Park in protest of the killing of George Floyd.

Our Hornell Police Department continues to evolve and respond to the ever changing needs of the City and is currently working on a Police Reform and Re-Invention Plan. They also implemented a new DIVERT program which connects those struggling with addiction to the help they need. While the department saw a small increase in arrest this year, like many agencies in New York they have struggled with recent bail reform laws that favor the criminal. Our police department and local officials continue to advocate for changes to these bail reform laws which pose an increased risk to our city. In an overwhelming show of support the local community rallied to provide donations for a K9 program and the purchase of a

special vehicle for Snitch, the City's new K9.

The COVID-19 pandemic continued to affect our way of life into spring and summer as restrictions remained in place throughout the state. Masks became the new fashion accessory and were required to enter any business or work place. Memorial Day saw a vehicle only parade, with no spectators lining Main Street and a private ceremony streamed for residents to view. The Independence Day Parade was canceled along with all community celebrations and gatherings. While there was no festival at the park this year, the City still celebrated our Nation's Independence with the traditional fireworks show minus the crowds. The City partnered with the YMCA to find some creative solutions as gym re-openings began across the state with strict regulations and occupancy limits, allowing the YMCA the use of space in the City parking lot so they could adhere to those restrictions, maintain social distancing and offer outside classes for their members. Playgrounds were re-opened and paving and road repairs began. The City saw a huge improvement at our water treatment plant with the connection of a new 800,000-gallon storage tank and construction is continuing on the 2.5-million-gallon storage tank. Bulletins, newspaper articles, social media posts and code red notices went out to our residents who prepared dutifully for the unprecedented connection to the new tank which went off without a hitch or disruption in service.

As summer turned to fall, the City received a grant for a 1,700-foot extension of the Shawmut Trail and the exciting news that a Hampton Inn would be coming to the City. The hotel will be located next to the Hornell Plaza across from Dunkin Donuts, is expected to have 78 business class rooms, other amenities and is anticipated to be shovel ready by the spring of 2021.

The Hornell Fire Department continues to exhibit its exemplary commitment and response to our community, quickly extinguishing house fires on Grand St. and Rockwell St. and responding to medical calls for assistance and transfers. As you can imagine, medical calls for assistance and transfers have been especially high this year in response to the pandemic. In August they

partnered with U of R for a trauma clinic and later with the Steuben County Health Department to administer rapid COVID-19 tests to the general public as cases spiked in our area.

As the holiday season approached and COVID-19 numbers surged the Governor placed additional restrictions on gatherings including those in private residences. Thanksgiving was muted as we celebrated with smaller gatherings in an effort to protect our family, friends and loved ones from the virus. Turning towards Christmas, our beautiful city shone brightly with a virtual tree-lighting, the return of Santa's cottage and our beautiful Christmas decorations lined city streets, Santa even managed to pay the City's residents a few socially distanced visits. While celebrations were certainly diminished this past year, our residents showed a commitment to supporting local businesses and may have a greater appreciation for smaller gatherings.

With news of a vaccine, our great City remains hopeful that the days of 2021 will be brighter than those of 2020. While we take some time to remember those we lost during this pandemic and throughout the year, may we find ourselves with renewed focus and appreciation for what makes our community so great. Just as we must have darkness to appreciate light and sadness to appreciate happiness, we may need 2020 to truly appreciate the best of our community. While 2020 may not have been the year we anticipated, perhaps it will allow us greater appreciation for the traditions, celebrations, and people that make our community one of the best places to live and raise a family.

DOCTOR, DOCTOR, GIVE ME THE NEWS

Dr. Robert Whelpley Retires after Forty Years of Service to the Area

Dr. Robert Whelpley came to the area in 1980, where he started his private practice in Alfred. A few years later he moved his practice to Hornell and later joined St. James Mercy Hospital in 1990. He later worked for Canisteo Valley Family Practice, and most recently Oak Orchard Health before his retirement on December 30th.

Dr. Whelpley plans to spend his retirement enjoying his many hobbies, which include gardening, woodworking, home brewing, and just putting around in his shop. He will also be able to spend more time with his three children and six grandchildren, all who live in the area.

Dr. Whelpley will be missed for his sense of humor and dedication to his patients. When asked what he will miss most, his answer was the patients. "The patients have kept me going for forty years," he said.

Dr. Annabel Retires from St. James Hospital

December 31st marked the last day of work for Dr. Spencer Annabel, doctor of internal medicine and president of the medical staff at St. James Hospital.

Dr. Annabel was born at St. James in 1946. He grew up on his family farm just outside of Canisteo and graduated from Canisteo Central School. He attended UR Medical School before returning to the area in 1976 to join Dr. Stoner Horey as partner of his medical practice on Crosby Street, where he practiced for many years.

During the financial struggles that St. James faced in 2014, Dr. Annabel took on a leadership role as a member of the New Vision Task Force. The group was assigned the responsibility of developing a business plan for sustainable healthcare in Hornell. The result was a partnership with UR Medicine and a new building for St. James.

Dr. Annabel and his wife, Carol, live on the farm he grew up on. He will spend much of his retirement there taking care of his horses. He will also continue with his Civil War "obsession" and a project he has been working on to compile the entire history of St. James- from its founding in 1890 to today. He also plans to serve on the hospital's board of directors.

HUMANE SOCIETY RECEIVES SUPPORT FROM COUNTRY CHRISTMAS SIDE BY SIDE RIDE

The Hornell Area Human Society's holiday season was a little bit brighter this year. Allison Byron, Justin Flint, and Jamie Sarvis coordinated the ride with the idea to raise money for a good cause by going on a side by side ride having all the machines decorated for Christmas. They had an amazing turnout with 20 side by sides making 3 stops at the Sierra, Arkport Legion, and Barbara Jeans. Those area establishments received a spike in business as well from what would have been a dull afternoon. Everyone was cooperative to follow the guidelines of staying safe in a pandemic by wearing masks and social distancing. After 2 of their stops they drove through Arkport and had a little Christmas parade while playing Christmas music. Everyone came out on their lawns waving and cheering while some residents even ran down their driveway to give donations. At the last stop they announced a winner for the best decorated side by side. Neil Stoddard from Arkport was the winner with a fully inflated Christmas wiener dog strapped on top of his machine. The plan was for the winner to take half the money but Stoddard donated it all back. The Country Christmas Side by Side Ride was able to donate \$500 to the Humane Society, making Christmas bright.

HHS DECA STUDENTS QUALIFY FOR NYS FINALS

Hornell’s business/DECA students showed up ready to compete this fall and had big results. Hornell High School had 18 students compete at the DECA virtual Regional Competition on November 30 and a trio of Red Raider competitors are advancing to the state-level finals.

Sophomore Allyson Buckley finished in second place in the region among 50 other competitors from Allegany, Cattaraugus and Steuben counties. For the marketing cluster exam, Hornell senior Emma Schmitt took second place, while senior Lily Gaffney finished in third place. Buckley and Schmitt are both first-year DECA members. Gaffney is a second-year DECA member who competed at the state competition last year as well.

DECA is an international marketing organization that prepares emerging leaders and entrepreneurs in marketing, finance, hospitality and management in high schools and colleges globally.

HORNELL/CANISTEO AND ALFRED STATE POLICE DEPARTMENTS JOIN FORCES TO CONTINUE SHOP WITH A COP TRADITION DESPITE COVID-19 PANDEMIC

Local Law Enforcement Officers from the Hornell, Canisteo and Alfred State Police departments sought to bring joy and a fun shopping experience to local children this holiday season. More than a dozen officers from the local police departments came together to treat sixty children to a magical Christmas shopping spree at the Hornell WalMart. Each child received \$100 dollars that was provided through a Walmart grant.

Photo courtesy of The Spectator

Typically, cops and their shopping sidekicks would swarm the store aisles all at once but this year required a bit of a different vision to maintain social distancing and pandemic restrictions. They sent a group of 10 kids in the store at a time. Each one going in with their “shopping partner”. The event was a welcome reprieve from the heaviness of the ongoing pandemic and a chance for local LEO’s to bond with the community and its youth.

HORNELL PUBLIC LIBRARY OPENS ‘STRONGER THAN EVER’

The Hornell Public Library, located at 64 Genesee Street, reopened in December 2020 after being closed for nine months during the pandemic.

Thanks to staff, volunteers and board of trustees, the library underwent a complete interior redesign with an organized layout and a brighter and roomier feel, and re-categorized collection.

An increased tax levy was voted on in June of 2020 where Hornell City School District voters approved a proposition to increase the annual library levy from \$184,700 to \$334,700.

Director Alice Taychert told the Evening Tribune that “Libraries have a huge effect on the quality of life in the communities they exist in. There isn’t anybody in the entire United States that wants to lose their library. I would encourage people to think of the library as free as we can make it. No charges for library cards. No fines anymore.”

The Hornell Public Library is open Monday – Thursday noon to 7 PM, Fridays 1 to 5 PM, and Saturdays 9 AM to noon.

years as crossing guard, Larnard has been known to be extremely dependable and consistent. Hornell students could count on Larnard regardless of the weather. She would show up in the freezing rain, snow, or in subzero temperatures. This dependability runs in the family. Donna’s sister, Edna Burnes Doll ‘72, has also been a crossing guard for the Hornell City School District for thirty years. Donna Larnard is a graduate of Hornell High School and has lived in Hornell her entire life. On behalf of the students of Hornell and the Hornell Alumni Association board of directors, we would like to congratulate Donna on her retirement and thank her for her dedicated service.

ZACHARY D. SMITH '08 MEMORIAL SCHOLARSHIP

Even COVID, couldn't stop the ZDS Golf Tournament!! We had to change the date, but Twin Hickory worked with us and supported us to pull off the 11th Annual Zachary D. Smith Golf Tournament which was held on July 25, 2020. This is a special day as this would have been Zach and Anne's 11th wedding Anniversary (Anne Deebes- Class of 2009). This day we spend time reminiscing about Zach and all that he stood for. He loved the game of golf and this is a

perfect way to pay tribute to such an amazing hero. Zach always made moments very special, and cared deeply about people and chose to live a life of a very giving person. He joined the Marine Corps. in 2008 and lived the Marine Corps. Motto, which stands for Honor, Courage and Commitment – that defines Zach to a tee. Zach was deployed in December 2009, and on January 24, 2010 he stepped on an IED (improvised explosive device) that took his life. His older brother Nate (Class of 2005) set up a scholarship fund and the golf tournament the day after Zach was killed to make sure that Zach's name still lives on. His younger sister, Grace (Class of 2017) helps with the tournament as well. It is important to our family to keep Zach "alive". So many of our

family and friends volunteer their time, a big thank you to all who help make these tournaments such a success, it is so hard to believe that we have done this for 11 years. Winners of the tournament in 2020 were Matt Duso, Dan Roser, Brennan Canty and Scott Carroll.

The proceeds from the golf tournament go to the Zachary D. Smith Memorial Scholarship fund. Every year, a Hornell High School senior is chosen from the essays that are written and turned into the guidance office. This scholarship is valued at \$4,000 payable annually while the recipient is enrolled in college or the military. This year the award was given by the family, to Leah Harkenrider, she is attending Alfred University and majoring in Engineering. The family, along with the help of the Athletic Director chose Collin Buisch for the scholarship for an Athletic Award that is presented in Zach's name, the value of this award is \$500. Collin is attending Brockport for Business. We wish them the best of luck in their futures. Emma Flaitz was the recipient of a \$500 award from the donations that were sent to the Alumni Association in memory of Zach.

We are looking forward to the upcoming years as we celebrate a great life that was cut too short.

Also, the family would like to thank the Amvets for their continued generous donations to help build Zach's scholarship fund to be able to award these scholarships to deserving individuals for many years to come.

The family of Zachary D. Smith

SANDRA WALLACE '72...AUTHOR

Sandra Wallace '72 has created much joy and entertainment through books she has written about some of her life experiences. Her most recent book **RESPECTFULLY SUBMITTED in 1966....boys, bras, and a broken leg** includes accounts from her 6th grade experiences at Irving School. All of her books are available on Amazon and have gotten much positive feedback from the local community. Below is her own words on her work. Thanks so much for sharing, Sandy!

OK. My book. Since I retired in 2016 (27 years as a school counselor with GST BOCES....10 years before that as an OBGYN nurse at Corning Hospital), I have spent a fair amount of my newfound free time writing. Always enjoyed it, always meant to do more, and now I finally have the time. The first book came out in 2018: **CARRY THIS? UP THAT?!....hiking the Appalachian Trail with no hair dryer**. Next one in 2019: **TWO SHORTEN THE ROAD....Buffalo to Gloucester with clunky sandals in a saddle bag**. This one also contains a section on the Wineglass Marathon...and history of this local

race. Both of these are humorous accounts of the misadventures of myself and my bestie. Both are nonfiction.

And, this past year, after unearthing my 6th grade diary, and the secretarial notes from our class meetings (where I proudly served in that position during the second semester) and recalling that this year contained just so, so, so many events that shaped my coming of age, I decided to put a book together recounting those times....when so many of us were innocent....oblivious to what was going on in the larger world. **RESPECTFULLY SUBMITTED in 1966....boys, bras, and a broken leg** captures the life of a pre-teen and takes the reader back to the Hornell of 1966. I have gotten great feedback on this book, and been totally humbled by some of the compliments. I have spoken with "kids", my classmates, whom I have not been in contact with since we graduated in 1972. It has been amazing. And....I FOUND MY SIXTH GRADE TEACHER, have spoken with her on the phone, and of course, sent her my books. This won't be my last book.

Sandy

DUES!

DUES!

DUES!

DUES!

We need to shed some light on our membership policy.

Our membership dues increased as of June 1st, 2018 to \$10.00. This is the cost for a single, yearly membership. Not the cost of everyone in a household. We have **NEVER** offered a Lifetime Membership. If you see a website offering this, it is **NOT** our organization. If you are going to pay your dues/donations online, please refer to the HHSAA website **ONLY**. www.hornellalumni.org. The cost of paying dues online is \$11.00 to cover fees for online transactions. The \$10.00 cost only covers the cost of printing and mailing the News Journal. Your \$10.00 does not go towards scholarships. Our scholarships are funded by donations.

Our Alumni Association memberships run on a **FISCAL** year, **NOT** a calendar year. It begins on **JUNE 1st** and expires on **MAY 31st** of the following year. The HAA News Journal is mailed every May. If you are an active/paid member, you will receive a copy of this publication. However, your membership expires on May 31st and the new fiscal year dues are due on June 1st. The renewal membership form is in the center of the news journal. The HAA highly recommends that you renew your membership right away. Again, by doing so, you will be an active member beginning JUNE 1st and ending the following MAY 31st.

Anyone who **DID NOT** or **FORGOT TO RENEW** their membership will be mailed a reminder notice in January of that fiscal year. If you receive notice and send us your \$10.00 dues/scholarship donation you will once again be a paid member for the Alumni Association UNTIL the end of that fiscal year (May) and will be guaranteed a News Journal Publication. ALL active memberships, regardless of when you paid your fiscal year dues, expire at the end of May. **Again, our membership runs on a FISCAL year (June 1st-May 31st), NOT a calendar year.**

Also, our computer program does not allow us to post ahead, so please only send us your dues/donations for the current fiscal year. Unfortunately, advanced payments need to be kept track of manually, and most often get lost or overlooked. Please accept our apologies but, if you pay ahead, your money will need to be refunded to you.

We take pride in being the most active High School Alumni Association in the county, state, and...perhaps even the country!...thanks to the generosity and support of our wonderful members. Hornell High School graduates who receive HAA scholarships are very grateful to all of you. Thank you so very much! You know the old saying, "It's swell in Hornell!"

🐾 🐾 Homecoming Festivities 2020 🐾 🐾

***(A Homecoming like none other)
October 17th 2020***

“What to do, how to do it, in the mist of Covid 2020 we must have a Homecoming for these Seniors”!!! So Ashlen Arias-Baird the senior class advisor along with the Administration set out to give this class of seniors the best homecoming possible. ☺ With the blessing from the Mayor of the City of Hornell the school set out to have a Parade for the 6 Nominee’s lead by the Police and Fire departments. So atop of their chauffer-driven cars they headed down Main St. to their final destination, the High school football field!!!! They rounded the track and one by one each name was called..... Kayla Turner, Owen Lautner, Carter Browne, Andrew Deebs, Kelsea Greenthal and Brennan Khork. As they lined up on the field (social distancing and masks of course) to an empty Stadium except for families lining the fence and live streaming compliments of Peish Video, Master of Ceremonies Mike DeGaetano announced the Winners!!!

“Kayla Turner and Owen Lautner”
Congratulations to all the nominees

Hats off to the Hornell Senior High School for giving these Seniors a Night they will never forget!!!!

Dear Alumni,

I don't know if you have a place for this record, but wanted to send it to you. I was very honored to be a majorette and play clarinet with the high school band from 1956-1960, under the direction of James Hoover. We went to Saugus Massachusetts in 1958 to play a concert with their band, then they came to Hornell to play with ours, and we recorded it. I was born and raised in Hornell and will always cherish the wonderful memories of my years living there.

God Bless you all,
Gail Lewis Bennett

Quarantine...Back to School!

First day excitement

Going back to school last fall looked very different for some. This year, schools had to get creative to be able to safely allow students to attend school, commonly resulting in a hybrid model. This allows students to attend a few days a week while working remotely from home the other days. This was so that they could safely distance themselves with fewer students at time.

Donor Highlights

“It always seems impossible until it’s done”

Each year, with the generous donations from our alumni and community, we are able to give various scholarships and grants to graduating seniors. That’s what the HHS Alumni Association is for, after all. This year we would like to highlight some of our perpetual donors that continue to make this process possible. We would like to give a special Thank You to the classes that give scholarships on their milestone years when they celebrate their reunions.

James F. Fisher '55 Grant

James Francis Fisher passed away April 30, 2020 in Greenville, SC at the age of 82. Jim was born in Hornell, and a graduate of HHS, class of 1955. He retired as International VP from Farro Corp. after 40 years of service. Upon retirement he and his wife moved to Hilton Head, SC. where they were members of St. Andrew by the Sea UMC. Jim volunteered with the church’s soup kitchen and church fundraisers. He enjoyed playing golf, working with Habitat for Humanity, building houses and serving as a board member. His greatest joy in life was being with his family and giving back to his community. Giving back to the Hornell community was a very important part of his life. Jim was a special donor to the HHS Alumni Association. He began giving Scholarship grants yearly in 1998 right up until his death in 2020. He helped several graduating seniors with their post-secondary education. His mission for the Alumni Association was to help a student in need.

school senior who will be attending college, in honor of my parents. This is my way of giving back and showing appreciation for the city I still call, home!

Kathleen Silberman

Matthew J. '42 & Jeanne Griffin DeGaetano '42 Memorial Grant

Our parents, Matthew and Jeanne DeGaetano always found their work with the HHSAA to be very rewarding. Matt served as President during two different times: 1955-56, and 1991-92. He and many other dedicated members worked hard to create the first News Journal. Matt also devoted his time to help raise funds for the HHSAA scholarship program. The amount of money received from fellow alumni always gave him great pleasure because of the many scholarships HHSAA could provide to students. For many years our dad also enjoyed going to several reunions as the unofficial photographer. His pictures provided class members lots of memories.

Our mom, Jeanne spent endless hours at the kitchen table updating memberships and creating a huge card file on alumni members. She loved sending hand written personal notes to members when they re-enrolled, or made donations to the scholarship funds.

Matt and Jeanne were both graduates from Hornell High School, class of 1942. Matt passed away in 2000, and Jeanne in 2008.

Cynthia DeGaetano Schultheis (66), Lynda DeGaetano O'Brien (67), Dennis O'Brien (67), and Bridget O'Brien (96) have found it fitting to fund a scholarship in Matt and Jeanne’s name due to their strong commitment to this organization.

Catherine “Cathy” Bossard '71 Memorial Grant

The family of Cathy Bossard is honored to present this scholarship in her honor to a graduate entering the field of education. Cathy was a 1971 graduate of HHS. She attended Alfred State College and Alfred University, and started her career as a special education teacher upon her graduation from AU in 1985. She worked between the Bryant and Intermediate schools, first through BOCES and then through the school system, until her passing in September 2006 from uterine cancer. She died shortly after her 54th birthday.

Cathy had a great sense of humor and was a practical joker. She enjoyed working around her house, reading, and loved classic television. She is remembered as being a very dedicated teacher and a great advocate for students with disabilities.

The Dodd Family

It was not until many years after I left, that I realized how fortunate I was to have grown up in Hornell. I remember that I could not wait to leave the confines of a small town and move to a large city and spread my wings.

After my daughter Samantha was born, I wished I had the same feelings of comfort, security, safety and familiarity in Los Angeles, that I had in Hornell. Those special qualities are difficult to recreate in a large city. Coming home every summer to visit my family and friends was restorative for me. My roots are very important, especially as I grow older.

Many years after my mother died, while reading the Alumni Journal, I looked closely at the scholarship fund and decided that this was a way I could honor my mother Vincena DeGaetano Dodd '43, who died in January 1969 and my father Floyd Dodd '37 who died in July 2016. So, for the past 27 years, I have made a contribution to a deserving high

Henry J. “Hank” Giglio Memorial Grant

This Memorial Award is given each year in Memory of Henry J. (Hank) Giglio Sr. Hank was very active in sports growing up and well into his adult life. He especially enjoyed and excelled in golf and bowling. He had 2 perfect 300 games in bowling and numerous hole-in-ones on the golf course. He loved sharing and teaching his knowledge and talent with his family and friends. He successfully passed it on to his children and many grandchildren. Hank was a hardworking good man who totally enjoyed his family. Although he passed away in 2003, his teachings still live on in his family and on the golf course.

Shull Family Grant

This is the first year a grant in the amount of \$1,000.00 was awarded to a graduating senior. This scholarship was established by William Shull '69 in memory of his family.

Donor Highlights

Stephen G. Terry Scholarship

The Stephen G Terry scholarship was established in June 2006 by Steve's family and friends. Steve graduated from Hornell Senior High School in 1977. He went on to graduate from Alfred University in 1981 and received his MBA from St. Bonaventure in 1988. He obtained his CPA in 2001. Steve operated Stephen Terry Certified Public Accountant

Adam Davidson '47 Memorial Grant

My parents, Adam and Marty Davidson, were both HHS graduates (Class of 1947), and they were devoted members of the Hornell community through their work at Davidson's Furniture. Davidson's Furniture was established in 1876 by my great, great, grandfather, Alexander Davidson. Upon graduation from Hobart University, my father decided to return to

Hornell and enter the furniture business as a third-generation owner. My mother joined him in the business and together, they worked side by side for over 50 years. Both Adam and Marty valued education and they loved being part of the Hornell business community. They cherished their opportunities to give back and always maintained strong relationships with the school. Each year, Adam hired one or two high school students as part-time workers at the

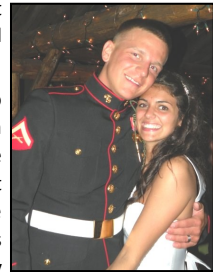

store and established many lasting relationships.

This scholarship is dedicated to a student interested in pursuing a career in business/retail.

Zachary D. Smith '08 Memorial Scholarship- Established in 2010

Nate Smith started this scholarship in 2010 after tragically losing his brother Zach. Zach graduated in 2008, enlisted in the early entry program with the United States Marine Corps when he was a Hornell High School student. We had to sign papers for him to do this as he was not yet the age of 18. This program taught Zach more about the military and would give him a jump start of what was expected in his military life and to get him focused and make him aware of what boot camp was all about. He was a very determined young man, and nothing was stopping him from joining. He graduated in June of 2008, and 12 days later left for Parris Island, SC. Zach trained hard and spent 3 months away from all

family, friends and left everything that he knew and was comfortable with. We attended his graduation and he was so proud of his accomplishment and knew he made the right decision. Zach married his high school sweetheart, Anne Deebes in summer of 2009.

In December that year he deployed to Afghanistan. Zach said that they were going to a place where no one had been and they were going to make a difference. As a mother, that was even more concerning but I had to realize that this was Zach's decision, and his life. It goes without saying that his dad and I were very concerned and scared of all that he would have to see and do in this whole different life than what he was used to in H-town (Hornell-as Zach called it).

On January 24th 2010 our life turned upside down with a Hornell Policeman, and two United States Marines were at our door. Zach had stepped on an IED (improvised explosive device) that took his life. We were now planning a funeral and the U. S. Marines were deeply involved, and he had a funeral that packed the Church with people even standing outside to pay their respects to Zach. He was 19, a good kid and so much more to do with his life. He was the type of kid that everyone loved, he loved people, he was genuine, he was caring and most of all he was always full of life and lit up any room that he entered. We learned many stories about him that we didn't know, and over the years we also learned about some of his time with his military brothers. He has 9 babies named after him (that we know of), and he is greatly missed every day by so many people. We continually hear stories of him, and people send messages/cards to his home (some of which we have never met) which helps us realize that people are so grateful for what he did, and they are grateful for our sacrifice.

On January 25th- just the day after we lost Zach- Nate set up a golf tournament in his brother's memory. It is an annual event, Nate doesn't advertise and it still fills very quickly. It is a family event- with many friends that are like family. There are many stories that are told, and there are many toasts with Jim Beam lifted up for Zach on this special day. Jim Beam is something that Zach enjoyed with his Marine buddies- so even though it is a rough drink- many partake in this salute, which makes us all laugh as we can hear him laughing knowing that it is not the drink of choice for many of us! The youngest of the family, Grace was only 10 when Zach was killed, and over the years has helped in so many ways with Zach's tournament and has attended many ceremonies/events to honor her brother and other Fallen Heroes. In January 2020 Grace organized a "Celebration of Life" in her brother's memory and spoke from the heart and did an amazing job.

It is important for our family that Zach is never forgotten which is why this scholarship is so important to us. This allows us to award graduating seniors that depict Zach's character and zest for life. It is hard to believe that he has been in Heaven for 11 years, but knowing that people still care, and still memorialize him we know he is truly "alive" and that keeps us moving forward. Life will never be the same without him physically, but it is obvious that he truly still has an impact in so many people's lives.

God Speed Zach##

Marion L. Brewer Jr. '55 Memorial Grant

Our father dedicated his entire life to serving his community. He started his service to others when he joined the armed services and served his country from 1956-1958. Next, he served the Hornell community for 23 years as a police officer for the City of Hornell. Finally, he ended his career, at the age of 80, at St. James Mercy Hospital, where he worked as Head of Security.

Marion was a man of integrity, and well-respected in our community for his service, as well as for the traits he possessed which made him such a powerful presence, effective leader and law officer. He was honest, loyal, dedicated, fair, motivated, strong, generous, and dependable. Marion very rarely

missed a day of work in his long career, even when he was undergoing chemotherapy and radiation, and serving as a full-time caretaker for his wife, Marilyn, of 50+ years.

This scholarship in his name goes to a deserving senior who is planning on entering the field of criminal justice and who embodies the ideals described above.

Rudolph Schneider Memorial Grant

Rudolph "Rudy" Schneider was a US Navy veteran who served in the Navy during World War 2 and after the war completed his engineering degree at the University of Buffalo. It was there, in Buffalo, that he met and married Grace Kilbert.

In 1950 he came to Hornell as the Vice President and Plant Manager of the Hornell Brewing Company. In 1960 the Brewery was sold and Rudy shifted to become a teacher of technical electricity and electronics for the Hornell High School. His 3 years of teaching created a passion for education and specifically vocational education, which at the time in the early 1960's was limited to typing for girls and shop class for boys. In 1965 Rudy became Director of Steuben County BOCES and in the late 1960's drove the construction of two Vocational Centers, one in Coopers Plains outside of Corning and the Wildwood Campus in Hornell. Rudy's stewardship of these programs over the next 15 years saw a growth in quality of teachers, quality of facilities, and interest of students. From a handful of graduating students in shop classes, by the 1970's nearly 35% of the students were involved in some form of vocational career training.

During his time in Hornell Rudy served as President of the Hornell Chamber of Commerce, President of the Hornell Exchange club, President of the Hornell Industrial Club and President of the Hornell Community Chest Board. He was a Director of the Hornell Baseball Association and a Director of the Hornell YMCA Board.

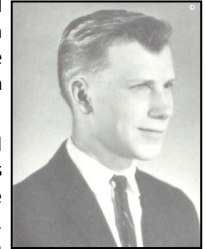

The Hornell Merchants

Each year the HHS Alumni Association accepts generous donations of varying amounts from Hornell area businesses. Due to the varying amounts of each donation the HHS Alumni Board of Directors decided many years ago to compile these funds to create one larger grant to a deserving graduating senior. In over the last 30 years the amounts have ranged from \$600 to over \$2000. If you are an area business owner and would like to make a contribution to this grant please contact any member of the Board of Directors. Thank you for your continued support.

Donald Cox '62 Memorial Grant

Don spent a lifetime learning all he could about plants, animals and all things outdoors. His strongest interests were biology, particularly botany. He became a self-taught expert in several natural science topics. He enjoyed camping with family in all kinds of weather and to those who knew him he was the one person you wanted to be with in an outdoor emergency.

In addition to his love for the outdoors he showed through his actions that the most important things in life are not material. Rather they are things like the love of family, generosity, kindness, and humor. This scholarship in his name is to be awarded to a student who is perusing an education in a natural science.

William '37 & Grace Coogan Dailey '41 Memorial Grant

Upon his arrival back in Hornell in 1945, Bill married the former Grace Coogan. Bill and Grace were the loving parents of six children, all of whom graduated from Hornell High School. Throughout the years, Bill and Grace spent many evenings at band concerts, football games, wrestling matches, basketball games, baseball games, soccer games and softball games. They helped with many youth activities throughout their children's school years. They believed in the youth of Hornell and wanted to help them succeed. When Bill passed away in 2000, his children; Sally Feeley '64, Bill Dailey '66, John Dailey '70, Michael Dailey '75, Richard Dailey '80 and Barbara Kramer '84 began this scholarship to honor what Bill believed in most, helping the youth of Hornell find success. Leslie M Gray Jr. Memorial Grant for Excellence in English

As the Hornell Jr. High principal, one of our father's best days would be when an English teacher was sick. No need for a sub, he would teach the class. Also, no need to diagram sentences, he would pick a story and read to the class.

"The Tell-Tale Heart" by Poe, "The Highwayman" by Noyes – 50 years later, when we meet former schoolmates who knew him – they all recount vividly those classes with Dad, and the excitement that the stories brought to them.

Such was his love of teaching and literature that he returned to the classroom from administration, teaching 11th grade English until his retirement.

Lay vs lie, good vs well, set vs sat – speaking and writing well were lessons that benefited all of his students throughout the years (and were dinner grammar lessons for us as well!). His passion for the English language and its literature was the gift he gave his students over a 30-year career as an English teacher and administrator in the Hornell Schools.

When Dad died accidentally shortly after retiring, we set up a scholarship to encourage and recognize passion for excellence in English, so his impact could continue to be felt by the Hornell community.

As we, his children - Les and Sue ('64) and Laura ('68) – look back at our careers, we see clearly the wisdom of G. B. Shaw in Pygmalion - "the way you speak and write defines your success in life." We, and a generation of Hornell students, have Dad to thank for making this wisdom clear.

John L. Miles Memorial Grant – Alfred University Science Scholarship

The family of Barbara Weyand (Class of '43) and John Miles have enjoyed being able to establish and maintain HHSAA memorial scholarships since their deaths in 2007 and 2008. They were not sentimental people, and they would approve of making a positive investment in the futures of young women and men who are just getting started on their lives and careers.

They met at Alfred University in early 1957 when Barbara was finishing her master's degree in Art Education, and John was doing work at AU as a post-doctoral fellow, following his immigration from England in 1954.

Family lore has it that their most notable date was the 1957 St. Patrick's Day dance at Alfred. They were married at St. Ignatius Loyola Church in Hornell in August of that year.

Born in 1925, Barbara was the daughter of Leo and Natalie Weyand. Her memories of the Hornell class of 1943 were bittersweet, because by graduation, many of the young men of the class had already answered the call to military service in WWII. She used to tell about a course that was offered that year where she learned to pack engine bearings, and there is a photo of her in a mechanic's jumpsuit somewhere in the '43 yearbook. During and after high school she also worked for the Erie accounting bureau on the second floor of the old depot. She recalled seeing the thousands of soldiers deploying through Hornell on the troop trains during that time. After graduating with her four-year Art degree from SUNY Buffalo, Barbara taught art in Rochester and Suffern public schools. She was always interested in fashion design, and worked for the Simplicity Pattern Co. in NYC for two years before returning to Hornell to teach and work on her graduate degree at Alfred.

John was born in 1924 in Sutton, now a suburb of London. At least in those days, the British had a more intimate appreciation of war than we do in the US. He would laugh at himself as a young boy, telling of the time that 'Father Christmas' visited their house when he was young, and how he was so sorry that Uncle Bill missed him because he had to take his nap. Coincidentally, that year Santa had a wooden leg just like Uncle Bill who had lost his in a tour with a cavalry unit in WWI. He used to tell how his parents, would tap Morse Code to each other at the dining table when they didn't want the boys to know what they were saying.

John trained as a navigator during his time in the RAF from 1942-1948. After his military service he was able to attend Bristol University on the English equivalent of the GI Bill. He received B.S. and Ph.D. degrees in Physics from Bristol between 1948-1954 and just before graduation took a boat to America on a promise of interesting work at Alfred, from friends who had preceded him there. He used to say that he might not have stayed in America as long as he did, and would not have met and married Barbara, were it not for the beauty of the Southern Tier that reminded him of parts of England.

In 1957, John took a position with a research firm in Cambridge, MA and he and Barbara lived in the Boston area for all of their 50-year marriage. He and Barbara might have had a longer engagement but for the fact that it's just over 400 miles from Boston to Hornell. John would frequently leave work early on Friday, fall asleep on their date on Saturday, and return to Boston on Sunday for work Monday morning. If they were here today, Barbara and John would wish all the Hornell graduates the best of luck, and encourage them to keep their eyes open for the unexpected opportunities that will come their way.

These scholarships are funded by their son Geoff Miles and Barb's sister Natalie Weyand.

Charles J. Giallanza '40 Memorial Grant

Charlie loved Hornell and was a great supporter of the HHS Alumni Association. He would return to Hornell every year for the annual Alumni Banquet and would bring as many family and friends that he could even if they weren't Hornell Alumni. He was also very active in his class of 1940, and was a member of the football team in high school. Charlie became active with the Alumni Association and he and Jack Kohnke '41 inspired the HHSAA to produce the newsletter. It started as a small publication and has grown into an 80 plus page journal that alumni look forward to each year. To honor Charlie, the Giallanza Family Foundation gives a \$1,000 Scholarship each year to a graduating senior with the highest GPA who is a member of the football team.

Richard Harris II '00 Memorial Grant

He was a son, brother, father and friend who was loved and cherished by many. Shortly following his death, the community rallied together to lend their support to his wife and four children. This memorial scholarship is an opportunity to give back and honor the community Rich loved. This scholarship is offered to high school seniors and will benefit two students as they continue their post high school education.

Robert C. Hillman '25 Memorial Grant

My father had to quit school when he was 13 and go to work so his older brother could go to school. I think that is why he helped start the scholarship program. I remember the first (I think) recipient was Rachel Homet, she came by the house to tell my father that she wouldn't have been able to go to college if she hadn't gotten the scholarship. That made his day and all the work he did. I have gotten thank you notes from recipients telling the same or they couldn't have gone to the college of their choice. It makes it all worthwhile. He would have been thrilled to see his granddaughter and grandson receive the scholarships from the alumni association.

“As you grow older, you will discover that you have two hands—one for helping yourself, the other for helping others.”

~ Audrey Hepburn

Letters to the Editor

(Letters of Appreciation from Alumni)

HHS Alumni Board of Directors,
During a time like this we realize how much our family and friends mean to us. Your kind expression of sympathy will always be remembered.

Thank you so much XOXO
The family of Noreen G. Mahoney

Hey Pam!

I just got my copy of the alumni journal today and just wanted to say thank you for the nice write up on my parents' party and including it in the journal. Also, just want to say nice job to you and all involved in putting the journal together. I really enjoyed reading through it and seeing what's been going on with alum and in the maple city over the last year. Thank you! It's put together so nicely. I can see so much effort and work goes into the journal. A job well done! I really enjoyed it!

Thank you,
Mandy Donlon

We continue to be grateful for your financial help with Kristin's academic journey.

With much appreciation,
The Talbot Family

We would again like to extend our thanks to the Alumni Association and the family of Casey J. Cameron for your work, support, and generosity. Myer is in place at the University of Miami as I write. He is thrilled to be there to begin his junior year!

Sincerely
Dan, Vanessa, & Myer Spitulnik

Dear Hornell High School Alumni Association Board Members,

Thank you for the lovely card & generous gift in appreciation of my efforts on the news journal. I truly enjoy working on and creating the journal for our association members.

Your kindness & generosity mean very much to me.
Beth Ann (McDermott) Jacobs '83

Thank you all, you do an amazing job. We are so blessed to have you!

Jackie Loohn Stempfle '51

Dear HHS Alumni Association,

There you go again. What a wonderful piece of journalism in your 2019 News Journal (I am one journal behind). The article I enjoyed very much had information provided by Dave Markel. It was about Bob Ingalls' Boy Scout Troop #67 which I was part of in the 60's.

Joe Piccirillo was a great coach, demanding, no nonsense, strict. He was a physical fitness nut. In my lifetime I have never seen a man who could jump rope as long and as fast as he could. Out of all the students that he could choose from, he chose me to be student manager of the baseball team in 1961, 1962, and 1963. What an HONOR that was!

I enjoy reading the journal every year. Keep up the good work.

Dan Casey '63

I want to say thank you to the HHS Alumni Association for the write up and special thanks to you Pamela Markel for reaching out to me. You all do a great job with this. ONCE A RAIDER, ALWAYS A RAIDER.

Ryan Flaitz

Dear Alumni Association,

Congratulations on another wonderful news journal. I read it cover to cover each year. You all dedicate so much time doing the journal. Praise to all of you

Evelyn Ivey Myers '53

To Cathy and all the amazing alumni team, If I could, I would hug you all. All of us all over the country can only say Thank you! You are the best.

Much love from every student who walked the halls of HHS.
Joe Guarglia '54

Thanks for all you do!
Keegan Johnson Manchester '96

Enclosed is a memorial gift given in memory of Jimmy Gleason. Jimmy, as you may know, was very dedicated to the community of Hornell.

We thank you for your dedication to Hornell's graduates and alumni too.
Jim & Pat Danaher

Dear Fellow Alumni,

The News Journal is the best year yet. It is really appreciated to see all of the hard work put into it by all the staff.

Thank you
Sara M. Cornish Lorow

Dear Alumni,

The \$80 memorial donation is in remembrance of our mother Gertrude Laura (Partridge) Huffsmith who graduated with the HHS class of 1940. Had she lived that lone, this would have been her 80th reunion. But she passed away in 2014, leaving behind seven former graduates of HHS.

As noted in her biography, she was class president, a member of the basketball team (women, on less) and first chair for violin in the orchestra.

All seven children are still alive and two still reside in Hornell. Peter J Huffsmith and Sandy L. Hillman.

With world events as they are, I don't know if this year's banquet will be held either way I hope this money can help some future student.

Sincerely
M. Huffsmith '68

Letters to the Editor

(Letters of Appreciation from Alumni)

Dear H.H.S. Alumni Association,
Such a different June this year because of the pandemic, but despite the upset in end-of-the year school activities, H.H.S.A.A. carries on with its amazing newsletter booklet and the awarding of scholarships to so many Hornell High School graduates. Always investing in the future.

Thank you
Melody & Doug Carrier

Hi,
Just wanted to say thank you for sending your nice journal that you send every year. I really enjoy it. I finally go to retire about 4 months ago, enjoying it. My 8 year old daughter enjoys it also. I have been working in down town Dallas for 35 years, now no more. I sort of miss it, I miss Hornell also.

Take Care and God Bless,
Jim Griswold

We thank the board for, once again a fantastic publication. We look forward to receiving it each year. Your all make us proud of our Alma mater and our home town!

Sincerely
Barb '54 & John '53 Scioxton (Sheon)

I like your trips down memory lane.
Bonnie Remchuk Dunn '60

Dear Alumni Editor, Pam Markel,
Thank you for all your time and work in composing the news journal. It's very informative and interesting. I still am reading thru for the umpteenth time and find something new. Keep up the good and time-consuming work. I have seen other school journals and they are not done as well as Hornell.

Helen Dodge McKnight '53

Just received my news Journal WOW!!! So proud to see Jeffery write up, my mom was a Jeffery!

Thanks again!
Carolyn Holden Bloss '49

Thank you again for another outstanding News Journal! I have never seen another Alumni Association undertake such an ambitus project every year. Must be some "secret ingredient" in the Hornell water. J

Mary Jo Kramer Astrachan '66

Thank you so much for the wonderful News Journal this year. I look forward to this each year. Wishing everyone on the board a great year ahead. Blessings to all
Sincerely,

Daniel L Swift '65

A wonderful Job on our yearly Alumni book. Loved the pictures of our 1959 class –our 60th. Thanks to all who made this event special.

Elaine Gray Beeton '59

Dear Angela and Carolyn,

Thanks for all you do for us. And a special thanks to you both for the wonderful "hats off" to my mom and dad in this year's journal. Hopefully this will generate some more long lost memories.

All the best, stay safe and stay well.
Mike

Thanks for the great alumni yearlong journal. I enjoy working through it as I do with our 1956 newsletter Pete Galbo and Delores send to all the '56ers. The only thing I can think of any other suggestions except make sure the names are under the pictures. It's probably hard to but it's nice to know who they are.

Sincerely,
Jean Galeta Finch '56

Hi, Pam!!
Congratulations on another wonderful journal. I look forward to it every year! I know how much work goes into it...and, the result is spectacular!! Thank you to you and the rest of the committee for doing an AWESOME job!

Ellen Dagon

To All of you,
My wife, Mary Hall Carter, passed away last year on April 24 and I followed up quickly with her picture and obituary hoping to get it in this year's News Journal.

I received my 2020 News Journal today and went immediately to the obituary section and there it was, just as I hoped it would be. Thank you! You did a great job as I knew you would.

I was in the class of '43 who all went down to the train station and into the Army and got to land on Utah Beach in Normandy and across Europe. I was the speaker at our 25th reunion in 1968 and attended many of the banquets over the years.

Thank you again for recognizing Mary, she's a very accomplished lady!
Sincerely,
Don Carter '43

HHS Alumni,
You all do such a great job!!!

Recognizing our Alumni Working in Health Care

The coronavirus pandemic (COVID-19) turned everyone's world upside down in 2020. In March and April, the Hornell area was hit exceptionally hard with some of the highest infection rates in the entire region. It was a scary time for all as there was much unknown about this novel virus. Along with this, in March last year, our community hospital moved north from its long-time Canisteo Street location in the city to its brand-new location in Hornellsville. To say the Hornell medical community was in a chaotic state would be an understatement. However, when push came to shove, the Hornell medical community came together to serve the medical needs of the greater Hornell area. Many HHS graduates selflessly worked the front lines during this uncertain time, whether it was at St. James itself, the adjacent new medical office building, various clinics in the community, or both of Hornell's Nursing Homes. The HHS Alumni Association and the Hornell community would like to give a BIG THANK YOU to those heroes that made many sacrifices for the well-being of us all here in the Hornell area. Below are just SOME of our alumni that have chosen a career as a front-line worker, we attempted to gather as many pictures and names as possible to add to this section of our journal. While we know we cannot account for them all, we appreciate them all and all that they do.

Janice Whitman Raish '74

Janice Whitman Raish graduated from HHS in 1974. She studied Business at Alfred Ag Tech and went on to work for Avon Products, both as a Representative and as a substitute for her mother as an Avon District Manager during her mother's convalescence from surgery. Her first husband traveled the east coast doing stained glass window work in churches; Janice accompanied him until they settled in Pittsburg, PA and there celebrated the birth of their daughter, Tiffany. When Tiffany was a toddler, Janice began a career waitressing in local restaurants. As a "people person," Janice not only enjoyed the job, but more

importantly to her, it afforded work hours that would always allow her to accommodate her daughter's schedule and needs.

Janice later married Hornellian Lawrence Raish and together they began Raish plumbing. Janice kept the books for the business, answered the many requests for service calls and handled all the supply ordering. Several years later she and Larry considered themselves fortunate to relocate to the beaches of North Carolina and then, Janice, to Florida, achieving a lifelong dream of enjoying waterside living and warmth in the southern states.

Janice is most remembered by those lucky enough to have known her as a gracious, warm hearted and generous soul. Her positive attitude toward whatever life tossed her way and the kind words she offered anyone she met always brought smiles to family, friends, coworkers and customers.
